

## WATCH OWLIVER SHOW OWLIVIA HOW TO DECODE A U.S. DOLLAR BILL

## FEDERAL RESERVE SEAL

Established in 1913, the Federal Reserve is made up of twelve banks that distribute currency. The seal bears the name of the issuing bank and a letter designating the district. $A=B$ oston $B=N e w$ York City C=Philadelphia D=Cleveland E=Richmond F=Atlanta G=Chicago H=St. Louis I=Minneapolis J=Kansas City K=Dallas L=San Francisco

## SERIAL NUMBER

The serial number appears two times on the front of the bill, one time in the lower left-hand corner, and one time in the upper right-hand corner. Dollar bills only have this letter. The numbers that follow keep track of how many of that type of bill have been printed during the series at the Federal Reserve Bank.

THE NOTE-POSITION IDENTIFIER
Made up of the check letter and quadrant number, this tells you the physical spot that a particular bill occupied on a printing sheet

## SIGNATURE OF THE SECRETARY OF THE TREASURY

The current Secretary of the Treasury, Jacob J. Lew, is the 76th man to hold the position.

FEDERAL RESERVE DISTRICT NUMBER This number shows four times on the front of the bill. Having it shown four times is helpful in cases of damaged dollars.

## THE GREAT SEAL

The Great Seal was first shown on the dollar bill in 1935. We can thank President Franklin Roosevelt for this lasting feature.

FACE PLATE NUMBER This helps provide information about the printing plate that was used to produce the dollar bill.

## MOTTO

"In God We Trust" is the national motto of the United States. It first appeared on paper currency in 1957.

SIGNATURE OF THE TREASURER OF THE UNITED STATES
The current Treasurer, Rosa Gumataotao Rios, is the 43rd woman to hold the position.

BACK PLATE NUMBER Just like the front plate number, the back plate number shows the plate used to print the back side of the bill.
