## Winter POST 2019

Hey, Penny! Do you want to build a snowman?

Absolutely! But first we need to go buy a new hat, scarf, and mittens. Then we will have to swing by the grocery store to get a carrot and some charcoal.

Penny, we can save a lot of money by reusing some of the stuff we have here at home.

But the neighbors will see we're using the same stuff again!

I'm pretty sure the neighbors won't care or remember. Besides, instead of spending our money on stuff we already have, let's deposit it into our **DFCU Financial** savings accounts.

You're right. It's better for us to save our money in case we need it in the future.

Good idea, Penny. Let's go make the coolest snowman ever!

On the next page, help Penny and Bill decide how much money they would need to build a snowman.
